

## Farm Share Member-Farmer Agreement

**Farm Share Member-Farmer Agreement** Plant It Forward offers a weekly Farm Share program in which customers become members of our farm, and create a relationship between the farmer and the customer. The customer then receives a box of freshly harvested produce weekly. Members must agree to the following terms in order to partner with our farm:

1. Members must agree to purchase their share in advance. All payments or down-payments must be received before the first delivery of vegetables. Registering for the Farm Share Program is a commitment to pay the entire amount owed.
2. Members must commit to picking up their farm share at only one of the locations and times selected for the entire season. Members are responsible for picking up their share at their chosen location and time each week. There are ten individual farmers fulfilling your farm shares, so picking up during a different time or day that you are committed to is not an option. Members are encouraged to find someone else to pick up their share when they will be away. If you or a representative of your family/party is not there to pick up your share during the designated pick up time, your share will be given away, donated, or sold to help the farmers ensure a living wage. Missed pick-ups cannot be made up.
3. Members understand that the produce in their bag will depend entirely upon what is in season and growing on the farm. Plant It Forward Farms cannot guarantee any item and is unable to customize shares for members.
4. Your membership is non-refundable. If you for some reason cannot continue your subscription, Plant It Forward Farms is happy to transfer it to a family or individual of your choice. If you need to change your location or time part-way through the season, this is possible, but not on a week-to-week basis.
5. We promise to do our best to provide you with a bountiful share each week. The quantity of produce, however, may vary from week-to-week due to extreme weather, pests, natural disasters, or other production factors despite our best efforts. By joining our Farm Share, you are agreeing to share the risk of crop failure with us and other members. In the unlikely event of a crop failure, we may extend the season or compensate for the failed crops by filling your share with other crops grown on the farm that are ready for harvest at that time. If a large portion of crops fail, we may not be able to deliver any produce for some weeks or at all.
6. Members will be added to our newsletter list and to our email list for the broader audience.
7. A few times a year Plant It Forward will hold farm events where members are invited out to the farms. Photographs will be taken at these events and members agree to allow Plant It Forward to use these photographs for marketing purposes.

I have read the Plant It Forward Farm Share Member Agreement and I accept the terms and conditions.

Thank you for supporting local, sustainable agriculture! We look forward to working with you!
